Nos. 47 to 54 North Market Street

BOSTON, MASS.

## Wholesale Trade List.

The unfavorable weather which prevailed in some of the seed growing districts of this country and Europe during the growing and harvesting seasons of 1906 has again caused very short crops of many important families of garden seeds.

Onion, Lettuce, Cucumber, Melon, Radish and some varieties Wrinkled Peas are especially scarce and will be difficult to obtain long before the end of the planting season of 1907. The prices we now quote on these as well as on other goods herein listed are low and we trust will prove sufficiently attractive to cause you to place your order with us at once.

### TERMS OF SALE.

**VEGETABLE AND FLOWER SEEDS.**—Net cash, June 1. A discount of 1% per month for unexpired time allowed for cash.

**FIELD PEAS, GRAINS, GRASS, BIRD and other MISCELLANEOUS SEEDS AND ONION SETS.**—Net cash 30 days, without any discount whatever. All bills not paid at maturity are subject to sight draft.

Remittances must be made direct to our Boston office.

The prices named are F.O.B., Boston, and are subject to change without notice. We do not bind ourselves to quantity. Orders will be filled at lowest prices the market warrants at date of shipment. Firm quotations made when desired.

All claims for shortage, errors or overcharge, must be made within five days after receipt of goods.

All orders received are subject to our approval and will be accepted only on condition that we shall not be held liable for damages for failure to execute the same, through fire, flood, strikes or any other cause beyond our control.

**NOTICE.**—While we exercise the greatest care to have all **Seeds, Plants, Bulbs and Nursery Stock** of the best kind, we do not give, and our agents and employees are forbidden to give any warranty, expressed or implied. If you do not accept these goods on these terms, you must return them at once, and all payments therefor will be refunded.

JOSEPH BRECK & SONS, (CORPORATION.)

The Telegraphic Cipher attached to each variety, if used in connection with the code for quantities, will enable customers to wire us orders at small expense. Prefix the word, **Freight, Express or Mail**, to designate the manner of shipment desired. The code word for quantities must always precede the words for seeds, although if the same quantity of several varieties is wanted, the quantity word need only be placed before the word for the first article ordered. For example, "Freight Quapode, Bandy, Baker, Bantam, Quonopsy, Brabast, Capture, Clabrate," means, "Send immediately by first freight ten bushels each Horticultural, Yellow Six Weeks and Low's Champion Dwarf Beans, also five pounds each Arlington Early Turnip Blood Beet, All Season's Cabbage, and early Half Long Scarlet Carentan Carrot." "Express Quapepsy, Brew," means, "Send immediately by express fifty pounds Breck's Mammoth Long Red Mangel Wurzel." "Mail Quanomia, Chemic," means, "Send by first mail post paid, two pounds Premium Late Flat Dutch Cabbage."

**NOTE.**—Code used in this list is adopted by the American Seed Trade Association.

**OLD HOMESTEAD POP CORN.**

Lovers of pop corn will appreciate the Old Homestead brand of White Rice Pop Corn. No shelling, no dirt, no insects, no disappointment. It is one year old before being packed, thus ensuring good popping qualities. We clean this corn by a new process that frees it from dust, dirt, insects and other impurities. All the corn we pack is especially grown for us in New England, is cured in the old-fashioned way; consequently is not only clean, but is free from mixed and flinty kernels which do not pop. For Corn Balls, Candied Pop Corn, and Nuggets, the Old Homestead will be found superior.

Put up in 24 and 36 lb. packages.

24-lb. case . . . . .	\$1.40	36-lb. case . . . . .		\$2.15
5 cases, per case . . . . .	1.35	5 cases, per case . . . . .		2.00

Special prices on large quantities.

**BRECK'S STANDARD LAWN GRASS SEED.**

We supply Breck's Standard Lawn Grass Seed either in bulk or put up in 1-qt. cartons, 2, 4 and 8-qt. green bags. *Each package contains Booklet, "The Lawn," which tells how to make and care for a lawn.*

We have given much thought and made many experiments in order to ascertain just what is the best mixture for permanent lawns, and the grasses which are best suited to this climate. By the proper blending of the varieties which constitute Breck's Lawn Grass, we have obtained a mixture that from early spring to late fall will give to lawns made with it that rich, deep green so often admired upon the lawns and parks of England, but so seldom seen in this country. Sow at the rate of four bush. per acre.

Per bush., \$3.25. 10 bushels, per bush., \$3.00. Per case of 32 one-qt. pkgs., \$3.50.

**BOSTON PARK LAWN GRASS.**

The same mixture as supplied by us to the City of Boston Park Commissioners, for sowing on the parks administered by them. *Sow at the rate of sixty-four lbs. per acre.*

Per lb., 20 cents. Per bush. of 32 lbs., \$6.00

**BRECK'S "SHADY PLOT" LAWN GRASS.**

This is a mixture of grasses that are naturally adapted for growing under trees and in places where the sun does not find ready entrance. Per bush. \$3.25.

**BRECK'S BANK AND TERRACE GRASS MIXTURE.**

A mixture of deep-rooting grasses specially prepared for embankments and situations where it is impractical to get a successful catch of the less-spreading rooted sorts. Per bush., \$3.25.

**PRESTWICK GOLF GRASSES.**

A series of mixtures modified as experience warrants for our needs, that we are sure surpass any hitherto offered in the United States.

No. 1. For Putting Greens. Sow at the rate of eighty lbs. per acre. Per lb. 14 cents.

No. 2. For Courses, light and dry soils. Sow at the rate of fifty lbs. per acre. Per lb. 12c.

No. 3. For Courses, low and damp soils. Sow at the rate of fifty lbs. per acre. Per lb. 9c.

**OAK JARDINIERES**

Handsome and Durable

An IDEAL GIFT

In these goods, the oak is selected to show the quartered grain, stained dark and finished with lustre surface.

The hoops and handles are of brass, highly polished and lacquered.

Inside of tubs is painted a rich dark red.

We will quote on larger special sizes on receipt of specifications, giving inside top diameter and inside depth.

We have a high grade of this valuable fertilizer specially prepared for us. 100-lb. bags, per ton, \$27.00.

(Prices Subject to Change.)

## To Raise Healthy Chicks Use

## BRECK'S HYGIENIC BRAND CHICK FOOD.

A scientifically proportioned mixture which will meet every demand of the growing chick, and supply, without excess of fat, the food necessary to produce and sustain vigorous health. There is nothing in this preparation that is at all likely to induce indigestion or diarrhea, but on the contrary, it is so balanced in its constituents as to in a large measure make these troubles impossible where cleanliness and proper brooding conditions exist. It also contains the bone-forming properties that prevent leg weakness. It is high in protein, the flesh and muscle forming elements. There is sufficient mineral material to supply the needs of the bone structure of the rapidly growing chicks, while it is low in carbohydrate, the fat-forming element, which, where in excess, causes sickness and loss.

No other feed is necessary for the first eight or ten weeks. Feed dry.

## PRICE.

	Per ton
100-lb. bags . . . . .	\$38.00
50-lb. bags . . . . .	39.00

## To Make Hens Lay Use

## BRECK'S COMPLETE POULTRY FEED.

We have frequently been asked by many of our patrons to put up in a convenient form a complete Poultry Feed. In response to the above requests, after a great many experiments, we offer in **Breck's Complete Poultry Feed** what we believe is the best food for poultry that is on the market to-day.

Great care has been exercised in the selection and balancing of the materials of which it is composed. It is being used in large quantities by many of the most successful Poultry Raisers in New England, and is without doubt the best food of the kind sold at the present time. **Feed dry.**

	PRICE	Per ton
100-lb. bags . . . . .	\$34.00	
50 " " . . . . .	35.00	

**Breck's Poultry and Swine Meal.** This is the original German "*Thieren Mehl*," or meal made from meat and animal matter. It is superior to the many imitations that have been put on the market since we introduced it; and is the most complete animal food for poultry obtainable. It is concentrated, pure, palatable, and produces satisfactory results when fed according to directions. We offered it first to the American public in 1892, but it has since that time, through merit, found its way into the yards of the most progressive poultrymen in the country. A reasonable trial will convince you that it is the *best meat or animal matter meal on the market*. Trial bag (a month's supply for thirty hens) \$38.00 per ton; 50-lb. bags, \$34.00 per ton; 100-lb. bags, \$33.00 per ton.

**Breck's Banner Brands Cut Clover and Clover Meal.** Eggs in winter, when prices are high, is the aim of every poultry keeper. Failure to procure them is generally caused by lack of proper conditions in housing and a shortage of the materials from which the hens make eggs. Warm, clean houses, with good ventilation but no drafts, sufficient food which contains the ingredients of the egg, and also furnishing heat and repairing daily tissue waste are required, but the food must be so balanced that there is no great excess of either heat or fat producing constituents, otherwise success will not be met with. Cut Clover or Clover meal is an essential part of the ration because they act as a tonic and contain albuminoids, in an easily digested and assimilated form, for the production of the white and yolk as well as lime for the shell. The nitrogen, sulphur, phosphates, magnesia, soda, potash and carbon in clover, when the clover is of the best sorts, cut at the right time, cured and prepared in the correct way, gives results in health and production that are unattainable when clover does not form a part of the ration. But aside from the fact of its value as a food we must bear in mind that there is as much difference in the quality of clovers as there is in wheat and corn. Recognizing the difficulty in obtaining a first-class article we were led to investigate the whole subject and as a result learned that a mixture of clovers gives better results than the Red Clover hitherto offered. Therefore, we have had grown, on suitable soil, especially for our own trade, a large acreage of Clover. We offer Breck's Banner Brands Cut Clover and Clover Meal preparations feeling assured that they are *superior to any green feed* on the market. We exercise care to have the several crops cut at the proper stage of growth and under rather than overcured. We feel sure our many poultry keeper friends will appreciate the excellency of these clover preparations and see when buying that spurious brands or inferior grades or not substituted. A reasonable trial only is necessary to demonstrate their superiority. When buying be sure to ask for and get only Breck's Banner Brand Cut Clover and Clover meal. Every bag is branded. \$30.00.

**Breck's Eureka Egg Food.** This preparation stands without a rival, as hundreds of those who have used it testify. It aids digestion, prevents and cures many diseases common to fowls, and although the best food known to produce eggs, it does not destroy the fertility of the egg. 1 lb. boxes, per dozen, \$2.00;  $2\frac{1}{2}$  lb. boxes, per doz., \$4.00; 6 lb. boxes, per doz., \$8.00; 10 lb. boxes, per doz., \$12.00; 25 lb. kegs, each, \$2.25.

## THE TWO BEST FOUNTAINS ON THE MARKET.

## BRECK'S HUB POULTRY FOUNTAIN.

<i>Monarch.</i>	Bronzy maroon . . . . .	.50
<i>Blanche Burpee.</i>	White . . . . .	.50
<i>Gray Friar.</i>	Watered purple on white ground . . . . .	.50

**NASTURTIUMS.**

<i>Tall mixed.</i>	Very choice. The mixture is made by ourselves from the best named sorts . . . . .	Per lb. \$0.40
<i>Dwarf mixed</i>		.45

**SEEDS IN BOXES.**

We put up in beautifully lithographed envelopes, and pack in neat boxes, seeds of the leading kinds of vegetables and flowers. The vegetable seeds are *put up by weight and each package contains about four times as much seed as is usually found in the commissioned box packages.* The packages of flower seeds are also more than double the usual size. The quality in every instance is the same as we sell at retail over our counters, and we believe planters will be fully satisfied with results.

<i>Box Vegetable Seeds,</i>	containing 200 packages . . . . .	\$5.00
“ <i>Flower</i> “     “     150     “		2.25

We do not send these goods out to be sold on commission.

We carry a complete assortment of the best kinds of

**FLOWER SEEDS**  
**BULBS**  
**and PLANTS**

and will be glad to quote prices on request.

# BRECK'S REAL ESTATE AGENCY

51 and 52 North Market St., Boston

**G**UR establishment of **BRECK'S REAL ESTATE AGENCY** early in 1905, was suggested by the numerous calls we had from customers and friends for suburban homes, farms, etc. This seemed to come naturally in our line, therefore we gave this branch of our business very careful attention and are more than pleased with the results.

**BRECK'S REAL ESTATE AGENCY** will be conducted on the same liberal policy as we have heretofore exercised in our other departments.

Persons wishing to buy, sell, lease or mortgage their properties, or those having money to loan on real estate, are invited to call or communicate with us.

Those wishing to sell, lease or mortgage their properties will be supplied with blank forms, that a complete description may be filed with us. Persons desiring to purchase or lease realty will also be supplied with proper blanks, that they may readily give us an idea of what is wanted.

The commission charged for the transaction of any business will be the same as that established by the Boston Real Estate Exchange, of which we are members.

Very respectfully,

---

## Breck's Bureau of Registry and Information

Located at 406 Washington St., Boston
